General Instructions for Laboratory Work

1. Things to do **BEFORE** arriving to the lab
 - Make sure that you and your group member know what exercise you will be doing in the lab. Instructions for the lab exercise will be uploaded on MOODLE
 - Familiarize yourself with the theory and specific instructions for the exercise you are going to perform
 - Discuss with your teammate how the work will be divided between you so that both can have a chance to do some hands on work.
2. Things to do **DURING** the lab
 - Perform Lab exercise as per the lab instructions.
 - Take screen shots of all the results and attach it to the lab report.
 - A one liner explanation commenting on the results is needed.
3. Things to do **AFTER** lab
 - Prepare and submit the lab report based on your lab exercise within the dead line mentioned in the lab instructions.
 - The lab report should be prepared strictly as per the template attached below.
 - The completed lab report in PDF format should be mailed to
e-mail: ce712.lab@gmail.com

File naming convention and Subject: -

Slot number: First name of group members: Exercise number

4. Evaluation criteria

Total weightage (20 %)

Breakup of marks (evaluation criteria) for each submitted report

- 1) Attendance = 5 Marks
- 2) Exercise (Participation in Lab + Answer to Questions) = 10 Marks
- 3) Conclusion = 5 Marks
